1 April 2019

Dear Brett,

Extension of the NCS Trust - DCMS interim Management Agreement

I am writing on the subject of extending the National Citizen Service (NCS) Trust Royal Charter Body interim Management Agreement.

Firstly, I would like to thank you for the work you have done for the NCS Trust since your official appointment as Chair on 1st December 2018. I look forward to continuing to work with you and the NCS Trust in the future.

The current NCS Trust - DCMS interim Management Agreement runs from 1st December 2018 - 31st March 2019. As negotiations around the new, full term Management Agreement are ongoing, I am extending the current interim document for two months to 31st May, unless the new, full term Management Agreement is signed earlier. If a longer extension is necessary, monthly extensions will be agreed with officials to a maximum of 6 months. This is to ensure that there is no period of time where our working relationship is not governed by an agreement.

I look forward to signing the new Management Agreement in short order.

Kind regards,

Rt Hon Jeremy Wright QC MP
Secretary of State for Digital, Culture, Media and Sport
